November 28, 1990

Dear Friends,

It is with great pleasure that I present the Official Canvass Book of the 1990 Primary and General Elections held on June 6th and November 7th, respectively. The Primary Election was certified by the State Canvassing Board on June 26th. The General Election was certified on November 27th. The Canvassing Board consisted of the Honorable Garrey Carruthers-Governor, Honorable Dan Sosa-Chief Justice of the Supreme Court and the Honorable Rebecca Vigil-Giron-Secretary of State.

Additionally, we have included a letter from the audit firm of Ernst and Young certifying our election. Please use this information which I feel is invaluable to Elected Officials, prospective candidates, citizens of the State, and researchers compiling data on election.

Sincerely,

Rebecca Vigil-Giron
Secretary of State

We have applied the procedures enumerated below to the accompanying State Summary of results of the Primary Election held June 5, 1990, for the congressional district contests, the district legislative contests for the New Mexico Senate and House of Representatives, the contests for district judgeships, the State Board of Education contests and all statewide contests except the State Democratic Treasurer's contest. Accordingly, our report does not cover the State Democratic Treasurer's contest. These procedures, which were agreed to by the Office of the Secretary of State, were performed solely to assist you in evaluating the results of the Primary Election held June 5, 1990. This report is intended solely for your information and should not be used by those who did not participate in determining the procedures.

The procedures and findings were as follows:

1. We footed the results of the above named contests on each county summary sheet and compared the totals to the totals listed on the county summary sheet. We noted 38 footing errors.

2. We judgementally selected 10% of the precincts in all counties with 50 or less precincts, 5% of the precincts in all counties with more than 50 precincts and one absentee precinct in each county for testing. The same sampling percentages were used for each legislative district in Bernalillo County. We traced the printer pack or tape totals to the county summary sheets. We noted 10 errors. We compared total number of voters per the printer packs or tapes to the county summary sheets and to the clerks' certificates. We noted 2 errors.

3. We compared the totals from each county summary sheet to the State Summary. We noted 1 error.

The above discrepancies were corrected by the County Clerks and State Bureau of Elections personnel.

These agreed upon procedures are substantially less in scope than an examination, the objective of which is the expression of an opinion on the State Summary of results. Accordingly, we do not express such an opinion.

Based on the application of the procedures referred to above, nothing came to our attention that caused us to believe that the accompanying State Summary of results should be adjusted. Had we performed additional procedures or had we made an examination of the State Summary of results, other matters might have come to our attention that would have been reported to you.

Very truly yours,

Ernst + Young

At your request, we have read the State Summary of Results of the Primary Election held June 5, 1990, for the State Democratic Treasurer's contest. Accordingly, our report only covers the State Democratic Treasurer's contest. We have also read the related county summaries of this contest submitted to the Secretary of State by the various County Clerks.

We have applied certain procedures, as discussed below, to the State Summary of Results of the Primary Election held June 5, 1990, solely to assist you in your certification of election results. The procedures were as follows:

1. We footed the results of the State Democratic Treasurer's contest on each county summary sheet and compared our total to the total listed on the county summary sheet. We noted no footing errors.

2. We judgementally selected 10% of the precincts in all counties with less than 50 precincts, 5% of the precincts in all counties with more than 50 precincts and one absentee precinct in each county for testing. The same sample size was used for each Legislative District in Bernalillo County. We traced the printer pack totals to the county summary sheets. We noted no errors.

3. We compared the totals from each county summary sheet to the State Summary. We note no errors.

The above discrepancies, if any, were corrected by the County Clerks and State Bureau of Elections personnel.

In connection with our performance of the procedures referred to above, no matters came to our attention that caused us to believe that the final State Summary should be adjusted. However, we make no representations as to the sufficiency of such procedures for your purposes.

INSTRUCTIONS TO VOTER

1. **Move the RED HANDLE completely to the RIGHT.** This closes the curtain and unlocks the machine for voting.
2. **Turn down a voting pointer over each candidate's name you wish to vote for from this position** (to the CANDIDATE) **to this position** (X CANDIDATE).

   IMPORTANT: You can make as many changes as you desire while the RED HANDLE is to the RIGHT. The machine is arranged so you cannot turn down more than the proper number of voting pointers for each office, so you cannot spoil your ballot by voting for too many candidates. To make a change simply push the pointer back up and make another selection.

   WRITE-IN CANDIDATES: To write-in the name of a candidate in a Primary Election, the candidate must be a DECLARED WRITE-IN CANDIDATE.

   To "Write In" the name of a "Declared" Write-in Candidate for an office, make sure all voting pointers for that office are up. Then, near the top of the machine, push up the slide bearing the numeral corresponding to the office, and write in the name of the "Declared" Write-in Candidate for that office. Once a voter lifts a write-in slide, however, he cannot change his mind and use a candidate pointer in that office. This prevents overvoting.

   IMPORTANT: Any name written in other than the name of a declared write-in candidate will be held invalid and shall not be counted.
3. **Once you have made your selections, LEAVE THE POINTERS DOWN and move the RED HANDLE completely to the LEFT.** This records your vote, clears the machine, and then opens the curtain. No one outside the machine can tell how you have voted.

   YOU MUST NOT LOITER. Each voter in New Mexico is allowed a maximum of three and one-half (3½) minutes in which to vote. Vote promptly and leave the machine so the voter following you may have his turn.

INSTRUCCIONES PARA VOTAR

1. **Mueva la PALANCA ROJA completamente a la DERECHA. Esto cierra la cortina y abre la máquina para votar.**
2. **Baje el indicador de votar sobre cada nombre del candidato por el cual usted desea votar por este posición** (a CANDIDATO) **a esta posición** (X CANDIDATO).

   IMPORTANTE: Usted puede hacer cuantos cambios como usted desea mientras la PALANCA ROJA esta a la derecha. La máquina está arreglada para que usted no puede bajar la palanca más que en el número apropiado de los indicadores de votar para cada puesto, para que asi usted no pueda echar a perder su boleta al votar por muchos candidatos. Para hacer un cambio simplemente empuja el indicador otra vez para arriba y haga otra selección.

   CANDIDATO WRITE-IN (no en la lista): Para escribir el nombre de un candidato en una Elección Primaria, el candidato debe ser un CANDIDATO DECLARADO WRITE-IN (no en la lista).

   Para escribir el nombre de un candidato "declarado" write-in (no en la lista) levante la lámina write-in (no en la lista) que tiene el número correspondiente al puesto designado y escriba el nombre del candidato **declarado** write-in (no en la lista). Una vez que el votante levante la lámina write-in (no en la lista), no obstante, si no puede cambiar de opinión y usar un indicador de candidato en ese puesto. Esto previene el votar otra vez.

   IMPORTANTE. Cualquier nombre escrito que no sea el nombre de un candidato declarado write-in (no en la lista) anulará la boleta y no será contado.
3. **Una vez que usted haga sus selecciones, DEJE LOS INDICADORES ABAJO y mueva la PALANCA ROJA completamente a la IZQUIERDA.** Esto registra su voto, limpia la máquina, y entonces abre las cortinas. Nadie fuera de la máquina se da cuenta como usted votó.

   NO DEBE PERDER TIEMPO. Todo votante en Nuevo México se le permite un máximo de tres y medio (3½) minutos para poder votar. Vote prontamente y deje la máquina para que asi el votante que le sigue pueda tener su turno.

WRITE-IN CANDIDATE: To write in the name of a write-in candidate, lift up the write-in slide cover bearing the numeral corresponding to the designated office and write-in the name of the write-in candidate. Once a voter lifts a write-in slide, however, he cannot change his mind and use a candidate pointer in that office. This prevents over-voting.

CANDIDATO WRITE-IN (no en la lista): Para escribir el nombre de un candidato write-in (no en la lista) levante lámina de write-in (no en la lista) que tiene el número correspondiente al puesto designado y escriba el nombre del candidato write-in (no en la lista). INSTRUCTIONS TO VOTER

1. **Move the RED HANDLE completely to the RIGHT.** This closes the curtain and unlocks the machine for voting.
2. **Turn down a voting pointer over each candidate's name you wish to vote for from this position** ↓ **to this position** ↓ **X**

IMPORTANT: You can make as many changes as you desire while the RED HANDLE is to the RIGHT. The machine is arranged so you cannot turn down more than the proper number of voting pointers for each office, so you cannot spoil your ballot by voting for too many candidates. To make a change simply push the pointer back up and make another selection.

WRITE-IN CANDIDATES: To write-in the name of a candidate in a Primary Election, the candidate must be a DECLARED WRITE-IN CANDIDATE.

To "Write In" the name of a "Declared" Write-in Candidate for an office, make sure all voting pointers for that office are up. Then, near the top of the machine, push up the slide bearing the numeral corresponding to the office, and write in the name of the "Declared" Write-in Candidate for that office. Once a voter lifts a write-in slide, however, he cannot change his mind and use a candidate pointer in that office. This prevents overvoting.

IMPORTANT: Any name written in other than the name of a declared write-in candidate will be held invalid and shall not be counted.

3. **Once you have made your selections, LEAVE THE POINTERS DOWN and move the RED HANDLE completely to the LEFT.** This records your vote, clears the machine, and then opens the curtain. No one outside the machine can tell how you have voted.

YOU MUST NOT LOITER. Each voter in New Mexico is allowed a maximum of three and one-half (3½) minutes in which to vote. Vote promptly and leave the machine so the voter following you may have his turn.

INSTRUCCIONES PARA VOTAR

1. **Mueva la PALANCA ROJA completamente a la DERECHA.** Esto cierra la cortina y abre la máquina para votar.
2. **Baje el indicador de voter sobre cada nombre del candidato por el cual usted desea votar por esta posición** ↓ **a esta posición** ↓ **X**

IMPORTANTE. Usted puede hacer cuantos cambios como usted desea mientras la PALANCA ROJA esta a la derecha. La máquina está arreglada para que usted no pueda bajar la palanca más que en el número apropiado de los indicadores de votar para cada puesto, para que así usted no pueda echar a perder su boleta al votar por muchos candidatos. Para hacer un cambio simplemente empuje el indicador otra vez para arriba y haga otra selección.

CANDIDATO WRITE-IN (no en la lista): Para escribir el nombre de un candidato en una Elección Primaria, el candidato debe ser un CANDIDATO DECLARADO WRITE-IN (no en la lista).

Para escribir el nombre de un candidato "declarado" write-in (no en la lista) levante la lámina write-in (no en la lista) que tiene el número correspondiente al puesto designado y escriba el nombre del candidato **declarado** write-in (no en la lista). Una vez que el votante levante la lámina write-in (no en la lista), no obstante, el no puede cambiar de opinión y usar un indicador de candidato en ese puesto. Esto previene el votar otra vez.

IMPORTANTE. Cualquier nombre escrito que no sea el nombre de un candidato declarado write-in (no en la lista) anulará la boleta y no será contado.

3. **Una vez que usted haga sus selecciones, DEJE LOS INDICADORES ABAJO y mueva la PALANCA ROJA completamente a la IZQUIERDA.** Esto registra su voto, limpia la máquina, y entonces abre las cortinas. Nadie fuera de la máquina se da cuenta como usted votó.

NO DEBE PERDER TIEMPO. Todo votante en Nuevo México se le permite un máximo de tres y medio (3½) minutos para poder votar. Vote prontamente y deje la máquina para que así el votante que le sigue pueda tener su turno.

We have applied the procedures enumerated below to the accompanying State Summary of Results of the General Election held November 6, 1990, for the congressional district contests, the district legislative contests for the New Mexico Senate and House of Representatives, the contests for district judgeships and judgeship retentions, the State Board of Education contests, the constitutional amendments and state general obligation bond questions, and all statewide contests. These procedures, which were agreed to by the Office of the Secretary of State, were performed solely to assist you in evaluating the results of the General Election held November 6, 1990. This report is intended solely for your information and should not be used by those who did not participate in determining the procedures.

The procedures and findings were as follows:

1. We footed the results of the above named contests on each county summary sheet and compared the totals to the totals listed on the county summary sheet. We noted 69 footing errors.

2. We judgementally selected 10% of the precincts in all counties with 50 or less precincts, 5% of the precincts in all counties with more than 50 precincts, and one absentee precinct in each county for testing. The same sampling percentages were used for each legislative district in Bernalillo County. We traced the printer pack or tape totals to the county summary sheets. We noted 8 errors. We compared total number of voters from the printer packs or tapes to the county summary sheets and to the clerks' certificates. We noted 1 error.

3. We compared the totals from each county summary sheet to the State Summary. We noted 4 errors.

The above discrepancies were corrected by the County Clerks and State Bureau of Elections personnel.

These agreed upon procedures are substantially less in scope than an examination, the objective of which is the expression of an opinion on the State Summary of Results. Accordingly, we do not express such an opinion.

Based on the application of the procedures referred to above, nothing came to our attention that caused us to believe that the accompanying State Summary of Results should be adjusted. Had we performed additional procedures or had we made an examination of the State Summary of Results, other matters might have come to our attention that would have been reported to you.

Very truly yours,

Ernst + Young
